Every year, a joint technical festival "ORION" is organized wherein the students show case their technical process through paper presentations, quizzes, games etc. Being an "inter collegiate" Techfest, there is a sizeable presence and participation of students from other Engineering colleges affiliated to the University.

An addition, each student chapter organizes talks, seminars wherein eminent professionals are invited for talks on their subjects of interest. Such occasions also allow the students to interact with such persons.

17. Academic Sessions

The undergraduate program is of four years duration. Each year is divided into two semesters. All the students are required to attend every lecture, tutorial & practical class. However, to account for late registration (by permission), sickness and other valid reasons (permitted by Head of Department), the attendance requirement will be a minimum of 75% of the classes actually held. Absence of more than 25% in any of the heads of instruction will lead to non-grant of terms even if all practical are completed. All students are notified of their default every month to give them a chance to improve.

Students must perform all the practical conducted in the laboratory and submit the assignment on time on the date notified. The term-work marks are displayed in each month. The marks are not allotted to the students, if they fail to complete the stipulated experiments, or if Term work is not assessed, or if they do not submit the term work. After certification of journal, students are required to submit the journal in person in respective Laboratory / Department. Non-submission of journals is considered as default.

Examination system, Year / Semester:

a) For theory classes, total weightage for internal continuous evaluation is 50 % and for End Semester Examination, it is 50 %.
